## Altered Art - Bird House with Mica Flakes

by Magpie's Nest – Patty Szymkowicz

“The Dans ma maison il y a...”une tache” challenge this week is interesting. It is using a “stain” in your house. Having just found some wonderful old newsprint with colorful paint spots on it, I knew that would make the perfect “stained” background for my birdhouse.

Straightening up my studio has uncovered so much great ‘stuff’.

“Flies and Spiders” is a chapter title from The Hobbit.

I also unearthed a tube of beautiful [Turquoise - Mica Flakes™](#) and used those at the bottom of my little birdhouse with [Perfect Paper Adhesive.](#)” *Patty Symkowicz*
