Be My Bunny

by Julie Davenport

- [MicaColor](#) - Pastelles
 - [101 Artist's Cement](#) - Light
 - [Excel Board](#) - White and Manuscript
 - [Dicro Fusible Fiber Paper](#) - Fern
 - [Piñata Colors](#) - Senorita Magenta, Baja Blue, Lime Green, and Claro Extender
 - [WireWorks Wire](#) - Black
 - [Mica Shapes](#) - Nameplate
 - [Great Tape](#)
 - [Paint Brush](#)
 - [Appliques](#)
 - Small Brads- Black and Baby Blue
 - Palette Knife
 - Purple Cardstock
 - Glossy Cardstock
 - Ribbon - Purple
1. Using a palette knife spread a thin layer of **101 Artist's Cement Light** onto a piece of white **Excel Mat board**. While wet, either draw an outline of a bunny, or trace one from a coloring book or greeting card. Let dry completely. Paint the bunny using the new **Pastelles MicaColor Palette**.

2. Insert two brads for the eyes. Cut 6, 1-inch pieces of thin black wire for the whiskers. Push the brads and wire into the cement. (Apply a small dab of *PPA* to the whiskers and brads for extra hold).
3. Dilute *Piñata Color* with *Claro Extender* (approximately half *Piñata* and half *Claro*). Sponge the mixture onto glossy cardstock to create a pastel background paper.
4. Mount all layers: Bunny, *Dicro Fusible Fiber Paper*, *Piñata Background* and *Excel Board* together using *Great Tape*.
5. Attach a sticker to the *Mica Nameplate*, and then to the card using ribbon and brads.
